**Hendersonville** – Personnel from the Henderson County Sheriff's Office will conduct Community Watch and Traffic Safety Awareness Training on Tuesday, July 17, 2007. This training will begin at 7:00pm and will be held in the Kaplan Auditorium at the main branch of the Henderson County Public Library.

This will serve as an opportunity for anyone interested in beginning a community watch group to learn how to do so and how to make the watch group an important part of the community. This evening will also serve as an opportunity for individuals throughout the community to learn about traffic safety awareness. This portion of the educational evening will be conducted by Deputy Jason Cordell, Traffic Officer with the Henderson County Sheriff's Office.

"I encourage any and all individuals that might be interested in these programs to attend this educational evening" says Sheriff Rick Davis. "Community watch groups are an important auxiliary group of the Sheriff's Office and their assistance in crime prevention is greatly appreciated. A key component of this evening is also the traffic safety component – our roads must become safer and we are committed to this end at the Sheriff's Office."
